

## DESIGN-A-DIE MOUNTING PLATES AND FITTINGS

Tipaloy offers mounting plates specially made for your DESIGN-A-DIE SYSTEM. We can manufacture for standard platen mounting systems, or mounting plates made to print specifications to fit your welder. Contact a Tipaloy representative today to see what we can do to help you with your tooling requirements.

- Available made from Class 2, Class 3, or Hard drawn.
- Finish machined on both sides to ensure perfect mounting.
- Available pre-drilled or with no mounting holes so you can set up however you like.
- All mounting plates come with necessary air and water fittings for your blocks.
- Metric and English size fittings and tubing available along with insulating materials.
