

## TCL HEADS (IMPERIAL THREADS)

Tipaloy TCL Heads come in three standard sizes. All three can be used with the Tipaloy DESIGN-A-DIE System. These heads can be used with coated and stainless pins, and can also be used in stud welding applications. Thread and dimensional information is below.

Series	Thread Size	Hex Size	Weld Face Diameter	Head Height	Maximum Hole Dia.
TCL-201	5/8-18 NF	1.00 (25.4)	7/8 (22)	.500 (12.7)	.430 (10.9)
TCL-301	7/8-14 NF	1-3/8 (35)	1-1/4 (32)	.500 (12.7)	.640 (16.2)
TCL-401	1-1/8-12 NF	1-5/8 (41)	1-1/2 (38)	.625 (15.9)	.860 (21.8)

Note - Round heads and specials available upon request
